This Memorandum of Understanding (here in after called MOU) was made between Crown Industry (Here in after called Crown Industry) and Inspection & Testing Engineers (Here in after called ITE Greater Noida) for conducting Industrial Radiographic Testing, UT Testing, Mechanical Testing and Chemical Testing for the raw material, equipment manufactured / fabricated by Crown Industry at its works and variousproject sites.

The MOU made and entered on the 05th day of July 2024 between Crown Industry & Inspection & Testing Engineers (ITE).

Whereas Crown Industry requires different tests for Weld Joints and raw materials including Mechanical & Chemical testing, Ultrasonic Testing and Radiography Testing of its raw material and components. Now Crown Industry and ITE come to an understanding that ITE (approved by AERB for RT & NABL for Mechanical & Chemical Testing) will require NDT / Destructive tests as and when required at Crown Industry works and other Project sites.

Further it was agreed that :-

- ITE will provide required testing equipment along with qualified / approved manpower to conduct the tests. The equipment must the client's specification and may differ from client to client.
- ITE will be responsible for safe transportation and storage of equipment as per AERB guide line. Crown Industry shall provide required storage facilities and security arrangements at works and other project sites.
- It is the responsibility of ITE show provides certificates on demand by client and requirement may differ from client to client.
- Crown Industry has to send the samples (as prescribed standards) to ITE's Greater Noida Lab for destructive & chemical analysis tests.
- The prices shall be mutually agreed from time to time depending on quantum of tests, client requirements & location of tests.
